

NO SURGERY
NO GENERAL ANESTHESIA
NO SCALPEL, NO STITCHES
VIRTUALLY PAIN FREE
MINIMAL DOWNTIME

OUR PROCEDURE HAS THE ABILITY TO PERMANENTLY INCREASE GIRTH TO THE
SHAFT, GLANS, AND/OR ENHANCE THE SCROTUM

1. **Is this procedure safe, proven, and effective?** Over 11,000 satisfied men (and their partners) prove this is safe and effective. Dr. Loria of Miami, FL has continued to pioneer the male enhancement industry and only has specific providers who work with him, including us.
2. **Is this permanent or temporary?** We use a dermal filler that activates collagen to be produced by the body which is why our results are permanent.
3. **Is this for length or girth?** Primarily this procedure is used for gains of girth in the erect and flaccid states. It will provide more length in the flaccid state only. Lengthening procedures for the erect state continue to be studied and may be offered in the near future.
4. **Does insurance cover this procedure?** Unfortunately, no insurance covers voluntary cosmetic procedures.
5. **How many procedures can I get?** It depends on what your baseline measurements are and how big you want to be. There is a wait time of 45 days between procedures, but we will get you to your goals.
6. **What is the cost?** Prices are subject to change due to numerous factors. However, at this time, the cash-pay cost for the procedures are generally...
 - a. **Shaft** – \$7,000
 - b. **Glans** – \$1,000 if done at the same time as the shaft enhancement
\$2,500 if done separately
 - c. **Scrotum** – \$8000
 - d. **2-Procedure Special of the Shaft+Glans** – \$13,500
90% of patients choose this option; bundle 2 shaft and glans enhancements up front to save thousands of dollars \$\$ (must wait 45 days between procedures).
7. **Is financing available?** Yes. We currently offer a variety of financing options. Please call for further information.
8. **How big can this procedure make me?** This is a variable question, but we guarantee at least 3/4” gain in girth after just one treatment. Feel free to ask more on your free consultation.
9. **Can you explain the procedure?** It’s a non-surgical cosmetic procedure that is performed in the office using a permanent dermal filler (much like fillers used in the facial area, but it is permanent). If you would like more explanation, please call for a free consultation.
10. **Why would someone get this done?** Many men quietly struggle with insecurities about their size. This procedure helps men gain confidence (in and out of the bedroom). Plus, 90% of the nerve endings are in the first 2-3 inches of the vaginal canal so it also provides increased pleasure for a woman.
11. **Where are we located?** Gilbert, AZ. Just right around the corner from Phoenix, Tempe, and Mesa.
12. **How can I get more info?** If we missed your question, please feel free to call **480-400-0105** or text **480-618-1384** to set up a free consultation.
